WEDNESDAY, JUNE 19, 1907.

"Virginia Day" was a success as to numbers, as to eloquence, as to public favor, and as to general enthusiasm. The address of Gov Swan on was historic and fervid. The poem of Mr. Page was classic the loyalty of Virginians unrestrained, and altogether the occasson was splendid in conception and execution. Now that we have so much glorified the past let us determine to make the future even more glorious. With all their marvelous achievements our fathers failed to hand down to us good roads. Let us deal with those who are to come after us more generously and thoughtfully. Next to this subject of public roads the most important matters to be considered by the next legislature is the application of the Jim Crow law to depot as well as cars. The mingling must cease away with to reform abuses and the people should be in earnest in their possible delegates even to and let there be no misunderstanding on this most important subject.

And now Charlottesville has fallen into the "dry" column, leaving the fight against Staunton and Harrisonburg. The white flag had as well go up from those ramparts or the storming will surely go on until other hands fill place them there. The unique thing about this anti saloon campaign is the entire absence of excitement and bitterness. Voting men and praying women make formidable combination.

Orchard the star witness in the Haywood trial has told too much and though he sticks to his tale with stolid obstinacy his story doesn't carry weight with it. No doubt that creature has been rampant in all that section and in half may never be known, but still Orchard has told too much.

That man Mr. Jennings Bryan is a moving success until he strikes the polls and then he runs against a snag. With his eloquence and good character cougner all things except one thing, and that with him is the chief thing. The time may come when he will win as candidate but it has'nt yet come.

Mr. Roosevelt is at Oyster Bay for the summer, the Cabinet officers are looking after their political fences and yet the wheels of Government roll on without jar or jostle, and we, the people are happy at our work and in our homes. Great is America!

The Exposition is in full swing now and anybody who visits it brings back favorable reports of it. Let's make every day "Virginia Day" from now until he close. We can get along without the oratory and the poetry. What we want is the crowd.

Flags are constantly made at J. Temple Graves because what he says is beautifully said. The beauty takes nothing from its strength, and if did it is well to remember that "the beautiful is as useful as is the useful."

Let's stop discussing Mr. Bryan as candidate and refer all such matters to the convention with the fixed determination to abide by it's decision when it has been rendered. Democracy is strong enough in principle but miserably weak in practice.

It is indeed a matter to be wondered at that notwithstanding the immense crowd in Richmond during Reunion week, and so many of the number very old persons, that no serious accid nts were reported. The street car service was superb.

The manufacturers of Petersburg are very much worried over the labor question. Respect ully referred to "Justice John," of Richmond, who says the "negro must work."

I was a woman who said, and the words are now graven on her tomb: "there is nothing in the universe that I am afraid of but that I shall not know and do my duty."

I id you ever expect to live to see the day when the old Confederate would invade Washington, take the Capitol and capture the White House without the firing of a gun?

Hon. Carter Glass seems to be in the Gubern torial race to "stay" and that means that the contest will be a lively one from "start to finish."

Chase City, Va., May 20th, '07.

Editor of Gazette:—Thos. W. Scott has announced himself a candidate for nomination of Senate from the 18th Senatorial district of Virginia.

Of the original companies that went from Chart tte in the early days of '61, I am the only living. Captain Scott when a mere boy, enlisted in my company at Wyliesburg. He was a faithful and gallant soldier; his wounds testify to his faithfulness, and since the war a true man and citizen in all the relations of life.

I watched his course when he served in the Senate, and he was vigilant in representing the people of his district. His votes and purpose were for their best interests.

I trust my old comrades will give him their cordial support. He is deserving and will show that their confidence and honor will not be misplaced.

MONTOONA

is now standing at my farm three-quarters of a mile from Appomattox depot I am attending to his self this season and hope to give the people better service than the had last Spring. Montoona is not only a prize winner himself but his several colts that have won firs prizes at Fairs and Horse Shows in all parts of the State. In breeding to Montoona you get a horse that has all the size you want for farm and they hook up and drive good and most of them are good saddlers taking as a whole they make a ideal farm horse, and when you go the market to sell them they have reputation enough to sell them selves, and will always bring from twenty-five to fifty dollars more than a horse whose breeding is unknown or that has none. I am not getting over half the money the fine party from whom I got him charged, and there is not a horse in the State that has as good breeding, time is standing for as small sum Any one wishing his pedigree can get it by dropping me a postal card take pleasure in showing him to you at any time, as well some of his colts.

Three Disasters:

Common with Credit Houses. One said: "I will pay you Saturday night if I live." HE'S DEAD. Another said: "See you tomorrow." HE'S BLIND. Still another: "I hope to pay this week or go to H——." HE'S GONE.

Moral:

Spend your cash with a cash house (Thats us) where you don't have to pay for these misfortunes.

NATURE'S
GREAT BLOOD TONIC
Piedmont-Bedford Concentrated Iron & Alum Water
(Representing the Famous Bedford Alum & Iron Springs of Va.)
contains 17 of the most powerful Mineral Tonics.

An 18-oz. bottle contains all the minerals in a barrel of the average water. We furnish the minerals, you furnish the water.

We have certificates both from the public and from eminent physicians, telling of its virtue in Dyspepsia, Rheumatism, a large variety of Female Diseases, Chronic Diarrhoea and Dysentery, General Debility, Anaemia, Malar a, Ulceration of the Throat, Diabetes, Piles, Chronic Eczema, Nervousness, Chronic Constipation, and many showing the wonderful cures in that dreadful disease, Scrofula.

DR. T. L. KAMLER, for fifteen years a resident at the Springs, says: *For Scrofula, that fearful destroyer of human health and happiness, we have in this water a remedy which, wethinkcannot be excelled. Accidental discoveries found an equal.* It is in this malady, and *some forms of secondary and tertiary Syphilis, that this water when carried to its full alterative effect, displays its highest curative powers. In all forms of diseases peculiar to females, this water will be found to exert a curative influence over them.* Dr. Kamler is a Virginia.

I have given your Concentrated Water a fair trial, and am pleased I have been greatly benefited. For some years I have suffered more or less with Indigestion, followed by Constipation and other attendant ills. Within the past two months I have found much relief from your remedy that I have improved in strength and weight; have taken what I have not dared to do for a long time, and have done harder work than I have been able to do before for years.

REV. OSCAR LITTLETON,
Presiding Elder, Lynchburg, Va.

Since 1894 I have been afflicted with Chronic Diarrhoea, and six months ago I commenced using your Concentrated Iron and Alum Water with the most wonderful and satisfactory results. For three or four years past I have been deprived of the privilege of visiting friends or going to church, as my trouble is constant apprehension, having lost almost entirely the control of my bowels; but now I am happy to state that after using about a half dozen bottles of your remedy I am entirelyeared, not having used any for the last four months. I can confidently and gladly recommend your remedy for Chronic Diarrhoea.

CAPT. RUFUS AMIS, Virginia, Va.

I was an intense sufferer for some months with Indigestion, and could get no relief from the ordinary remedies. During the month of January I began the use of your Concentrated Water, and one bottle has entirely relieved me. I can now digest any diet and am entirely free from suffering. I take great pleasure in giving this testimonial.

REV. H. M. BLAIR,
Editor N. C. Christian Advocate,
Greensboro, N. C.

I have used and prescribed waters from several Iron and Alum Springs, but none of them begin to come up to your Concentrated Water in all that go
